INTERNSHIP

DataSpace Academy

ML And Cloud Intern

Jan 2025 – Feb 2025 Kolkata, West Bengal

- Worked in cloud Computing And Machine Learning
- Created a Wine Quality Prediction Model

PROJECTS

Speed Typing

Self-Learning Project

- Built a responsive web-based typing test using React, JavaScript, and Tailwind CSS with real-time tracking of typing speed (WPM) and accuracy.
- Implemented features including a dynamic word generator, custom blinking cursor, and light/dark mode support to enhance user experience.

Project Link: Speed Typing

FoodApp

Self-Learning Project

- Developed a Swiggy clone using React, Tailwind CSS, Redux, and Firebase with real-time restaurant and menu data integration via Swiggy's API.
- Implemented Firebase Authentication to enable secure user login, signup, and session management.
- Built key features including dynamic restaurant listing, menu browsing, cart management, and restaurant search using Redux state management.
